## **REV IT UP!**

### **From the Desk of RJ**

RJ CARS INC will be featured in the Vendors Spotlight and having 2 cars in Building Y at the Carlisle Chrysler Nationals for the Summer of '69 display, July 10-14 this year. Look for Artie "R/T" Handlik's 1969 Dodge Charger R/T and Shane Trent's 1969 Dodge Dart GTS which was formerly owned by Ed Jackson.

I will be on hand for the Restorers' Roundtable again this year. There should be some of our cars on the show fields too, including Greg McDonald's 1969 Hemi Super Bee which we are currently assembling for him. Hope to see you there!

*Restoringly,*

*Russell*

### **1917 Locomobile**

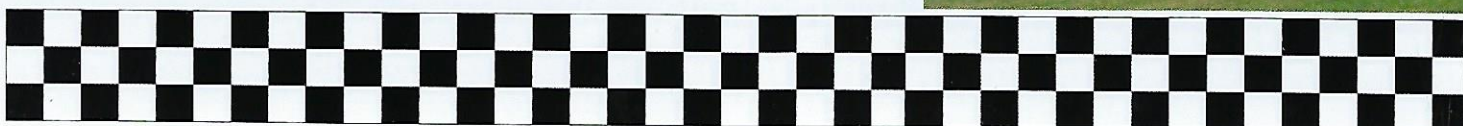

On April 4th - 7th the 1917 Locomobile attended the South Eastern National AACA Meet in Charlotte, NC to be screened for its first Junior Award which it achieved.

The Genesee Valley Antique Car Society's May newsletter featured a very nice article written by John McAlpin on his 18 year journey of finding and restoring the Locomobile along with its success at the Amelia Island Concours d'Elegance. It can be seen here:

<https://www.gvacs1.com/newsletter>

On June 7th - 9th the Locomobile will be appearing in The Elegance at Hershey followed by its Senior Award judging in Parsippany, NJ later in the month. We will provide updates on how the Locomobile does in future newsletters as well as on our website and Facebook pages.

Please join us in wishing John and Mary McAlpin continued success in these and future shows and events.

## 1972 Chevy El Camino

Jim Joyce's El Camino restoration is starting to come together now. The body is back on the frame and Jason finished up the amazing paint work in the original Midnight Bronze color with white stripes. We are planning to install the new vinyl top and headliner any time now. Jason and Jake have started doing assembly work.

Matt has the chassis back on it's wheels. He also has the Larry Kirkum built 427 Engine and the M22 4 speed Muncie Rock Crusher installed. Soon he will be working the headers into place along with everything else making all systems GO!

Jim has some really cool Mopar's waiting to get into our shop too.... So stay tuned for that to unfold in the future!

## 1969 Hemi Super Bee

“It just needs to be assembled” .....Greg McDonald’s Hemi Super Bee is back on it’s wheels and soon to be road ready again after many years of down time! We’ve been through it from top to bottom and end to end working through all the parts and processes to bring this old puzzle together. Soon it will be time for a wheel alignment and road testing! The plan is for Greg to be on the show field with it in July at Carlisle. Fingers are crossed to bring it to completion in the coming weeks and make that happen!

Hours: Monday thru Friday 8:30am - 5:00pm. Saturday by appt.

### Kenna's Corner...

*Hi, Kenna here at Kenna's corner. These last few months have been real busy at school. I have 3 Regents this year to study for, plus all of my other finals. I also managed to make enough time to study for and pass my permit test. It's so exciting to learn how to drive. I can't wait to get my license and be able to drive on my own. Along with driving, I'm excited for the warm weather. Have a nice Summer!*
