REV IT UP!

From The Desk of RJ

Running way behind on the REV IT UP writings this year (in my free time)! First off, I want to dedicate some time to thank my daughter, E. McKenna Jacobs, for her hard work helping with the shop office work over the summer months this year...and working at Carlisle again this past July. Great job, as witnessed by many of us around you! I'm a proud daddy to see you step up and help me, my staff, and my clients!! Keep up the hard work with all you do!

Check out the great photo taken by Darren Ohara of the 1968 Charger R/T on the inside page. The owner had the car back to us this fall and had us add a Gear Vendors Overdrive to his already awesome ride. He said he likes it even that much more!

*Restoringly,
Russell*

Carlisle 2017

The Chryslers at Carlisle event this past July was another whirlwind weekend as we're accustomed to. We displayed Tom Seaney's Black 1968 Dodge charger R/T and it really wowed the people who stopped to visit our tent. On top of our normal show activities, I took part in the Restorer's Roundtable at the Midway Seminar Tent with a few other shop owners. Many thanks to my staff, Family, and clients for making it another successful show for us!

1969 Road Runner Convertible

After two plus decades of sitting in storage, owner Jim Biernat pulled the trigger on getting this old Spring Special version of the 69 Road Runner Convertible put back together and made road worthy again. The years had not been kind to the old girl and getting it back in shape was a tall order to fill! As with many we see, Jim had started on this project many years ago. It got painted and the mechanical rebuilds started and then the project got set aside. It's heading home soon and will be back out cruising for 2018.

1957 Chevy Nomad

Bruce Byndas Nomad is nearly ready to head home for final assembly in his garage....OR just park it in the house and decorate it for the holidays! Jason has been working on it diligently for many months and now the charcoal metallic paint is getting buffed and polished! Bruce is running a big block backed by a Tremec transmission along with other upgrades to make it a great cruiser. We look forward to seeing it all assembled and getting it back here for some final photos!

- ◆ 1968 Dodge Charger R/T
- ◆ 440 w/727 Auto
- ◆ Gear Vendors overdrive
- ◆ Factory equipped A/C and power windows

Seasons greetings from RJ Cars, INC

Kenna's Corner...

Hi,

McKenna here at Kenna's corner. This summer I worked in the shop helping out doing bookwork and cleaning. I also got to meet some new customers and business friends at Carlisle in July. I also had some fun in August. My parents and I took a trip to Luray Virginia and Shenandoah National Park, where we went to the caverns.

Adios!

McKenna
